BUDGET / PROJECT INFORMATION

We want to be prepared to design within your budget, as that will minimize the time needed to make revisions.

What is your budget range for cabinetry? _____

CABINET BRAND _____ Custom quoting is available for some brands.

ROOM	DOOR STYLE	WOOD TYPE	STAIN	GLAZE	DISTRESSING
Kitchen					
Bath 1					
Bath 2					

Please include full names in table--no codes or abbreviations. Approximate installation date _____

Construction option: Box Construction _____ Drawer Constructon _____

Drawer Glides _____ Door/Drawer Closing Option _____

Project type: Remodel New Construction Professional Installation? Yes No

YOUR INFORMATION

How many people in family? _____ Ages of children: _____

Primary cook's height: _____ Right-handed Left-handed

Secondary cook's height: _____ Right-handed Left-handed

Disability/medical considerations: _____

Please check one: I want an eating area in the kitchen I have a separate dining room

Do you entertain frequently? No Yes, Formally Yes, Informally

Other activities that take place in kitchen: Homework Hobbies Bill Paying/Filing Canning Laundry

Storage needs: Recycling Large Pots & Pans Wine Bulk Food Items Collectibles/China

MOULDING OPTIONS

CHECK THE MOULDING OPTIONS YOU WOULD LIKE TO INCLUDE:*

- | | | | |
|---|--|--|---|
| <input type="checkbox"/> A. Tall Moulding Stack | <input type="checkbox"/> E. Cornice Crown Moulding | <input type="checkbox"/> I. Georgian Crown with Dentil | <input type="checkbox"/> Custom |
| <input type="checkbox"/> B. Short Moulding Stack | <input type="checkbox"/> F. Shaker Crown | <input type="checkbox"/> J. Classic Crown Moulding | <input type="checkbox"/> Other (Please Specify) _____ |
| <input type="checkbox"/> C. Traditional Crown with Rope | <input type="checkbox"/> G. Arts & Crafts | <input type="checkbox"/> K. Decorative Light Rail | |
| <input type="checkbox"/> D. Shaker Stack | <input type="checkbox"/> H. 3" Crown Moulding | <input type="checkbox"/> L. Base Moulding | <input type="checkbox"/> None |

CORNER OPTIONS

CHECK THE WALL CORNER OPTION THAT YOU WOULD PREFER:*

- | | |
|--|---|
| <input type="checkbox"/> A. Diagonal Wall w/ Lower Door | <input type="checkbox"/> D. Diagonal Wall |
| <input type="checkbox"/> B. Diagonal Wall w/Tambour & Lazy Susan | <input type="checkbox"/> E. Easy Reach Wall |
| <input type="checkbox"/> C. Diagonal Wall w/ Tambour | <input type="checkbox"/> Diagonal Wall w/Lazy Susan |

CHECK THE BASE CORNER OPTION THAT YOU WOULD PREFER:*

- | | |
|---|---|
| <input type="checkbox"/> F. Diagonal Base Cabinet | <input type="checkbox"/> J. Deep Bin Lazy Susan |
| <input type="checkbox"/> G. Segmented Super Susan | <input type="checkbox"/> K. Blind Corner w/Roll-Out Storage |
| <input type="checkbox"/> H. Sink Base | <input type="checkbox"/> Lazy Susan w/Revolving Door |
| <input type="checkbox"/> I. Lazy Susan w/Center hinged Door | |

OTHER OPTIONS

Are you interested in staggered height wall cabinets? (See example A.) Yes No

Are you interested in staggered depths on wall cabinets? Yes No
(Staggered depth is recommended with staggered height for crown moulding install)

Are you interested in staggered depths on base cabinets? (See example B.) Yes No

Would you be interested in: Island Bar Desk Area

What primary purpose should the island/bar serve?
 Sink Cooktop Food Preparation Serving Eating

Would you like the bar to be: One Level Multi-Level (See example C.)

Would you like the bar to be: Standard Height (40 1/2") Other: _____

Would you like to include material that matches your cabinets to finish the raised bar wall? Yes No

If Yes, please specify type. veneer panel authentic doors

*Please see your kitchen designer for availability. All items shown on this page are not available in ALL cabinet brands nor are they exact representation for all brands. Not all options shown.

IDENTIFY CRITICAL INFORMATION

APPLIANCE SPECIFICATIONS

Please fill in the appliance information below completely and accurately. Note: A cabinetry order cannot be placed without appliance dimensions. We want your order to proceed in a timely manner, so please provide this information early on in the design process.

	Brand & Model	Width	Height	Depth	Wood Panels	Other Info.
Refrigerator*					YES or NO	
Range						
Range Hood						
Cooktop						
Single Oven						
Double Oven						
Microwave						
Over-the-Range microwave						
Dishwasher #1					YES or NO	
Dishwasher #2					YES or NO	
Sink						Single or Double
Auxiliary Sink						Location:
Compactor					YES or NO	
Wine Cooler					YES or NO	
Warming Drawer					YES or NO	
Washer					YES or NO	
Dryer						
Television						

* For height of refrigerator, measure to top of hinges.

ROOM INFORMATION

We strongly recommend that you have the person who is installing the cabinetry measure and record the following dimensions. (Please record dimension in INCHES.)

- A. Ceiling Height _____
- B. Cabinet Height _____
If staggered, list different heights.
- C. Soffit/Open Height _____
- D. Wall Cabinet Height _____
If staggered, list different heights.
- E. Countertop Thickness _____

Window Number	Height*	Width*	Off Floor	From Ceiling
1				
2				
3				
4				
5				
6				

*Please include window trim in the width and height dimensions.

MEASURING YOUR ROOM

Having accurate measurements will help our team design your room accurately. Follow the directions below.

A. FINISH WALL TO FINISH WALL LENGTH

Measure the room from finish wall to finish wall. Don't measure from baseboard to baseboard moulding. Record this information. *(If new construction, add for drywall.)*

B. CORNERS TO WINDOWS/DOORS

Measure the distance from corners to any windows or doors. **Stop at the outside of the door's (or window's) trim edge.** Repeat around the entire room and record this information.

C. DOORS AND WINDOW OPENINGS

Measure the height and width of each door, from outside trim edge to outside trim edge, and record this information. In the same way, measure every window and record. If you plan to replace the trim (or the window), make sure you use the new dimension in your measurements.

TIP: Walls can often be crooked. When measuring along a wall, be sure to measure the same space about two feet away from the wall. Also, measure wall length at 36" above the floor and on the floor. If uneven, you must note it in your Kitchen Layout Grid on page 6. This will help get the most accurate design and kitchen.

D. FLOOR TO CEILING/ABOVE AND BELOW WINDOWS

Measure from floor to ceiling in several spots, in case the floor is uneven. Record this information. Measure from the floor to the bottom of the window sill, and the top of the window trim to the ceiling. Record this information.

E. APPLIANCES AND SINK

Measure all other permanent items, including appliances, sinks, or tables. Record this information. Measure the distance from corners to any appliance. Stop at the outside of the appliance. Repeat around the entire room. Note the location of light switches, electrical outlets, gas and water lines, which may dictate the placement of cabinetry. Also note all floor and/or wall vents.

TIP: If you are getting new appliances, measure them and record the information.

TIP: Remember to measure the height of your refrigerator to determine the right height for a wall cabinet above the refrigerator. For accuracy, measure to top of the refrigerator door hinge.

F. Soffit Area

The space between your wall cabinets and countertops should be no less than 17 1/2". So if your kitchen has soffits, you will need to note this in your drawing. Also, measure the soffit depth to ensure that the cabinets do not extend out from the existing soffits. Record this information.

KITCHEN LAYOUT GRID

DRAW YOUR KITCHEN LAYOUT

Write clearly in ink; please draw a layout of your kitchen, including dimensions of appliances, all walls, doors, windows and other openings including casing sizes and heights of windows off the floor and down from the ceiling. (Please record dimensions in INCHES.) You, as the member, are responsible for accuracy of this design. The more accurate and detailed information you provide, the more likely to receive an accurate design in a timely manner.

A large grid for drawing a kitchen layout. The grid consists of 20 columns and 30 rows of small squares, providing a space for drawing kitchen appliances, walls, doors, windows, and other openings. The grid is intended for use with a ruler and ink to create a detailed kitchen layout plan.
